CLASS DESCRIPTIONS:

- **SANGHA YOGA - OPEN TO ANYONE.** SANGHA YOGA is a series of postures, based on the Hatha yoga lineage, which emphasizes the long term safety of the spine and pain-free movement of the body. The series works to stretch, strengthen and tone the muscles while detoxifying the body and calming the mind. **PLEASE NOTE:** There are no headstands or handstands, the series is meant to be VERY accessible to all levels from absolute beginners, while still challenging for any experienced practitioner and most of all FUN! No air conditioning or fans are used...**instead we work with the heat of the room. Runs for 75mins, or 60mins (length is indicated). VARIOUS DAYS AS INDICATED.** SANGHA YOGA+ is just a wee bit...teency bit more challenging *grin*
- **FUSION YOGA – OPEN TO ANYONE.** This class includes simple warm up poses, and might include some downward dog flows (which we do in our Sangha Yoga series as well). It's a mish mash of yoga styles with a great emphasis on breath. Not to worry, modifications and/or variations are offered, if anyone has difficulty doing any of the poses. **Runs for 60mins. AS INDICATED.**
- **V2/FFLOW – OPEN TO ANYONE WHO HAS TAKEN AT LEAST 4 YANG/YIN AND/OR FFLOW CLASSES.** Building on the FFlow class, this class is one of our most challenging classes. Still based on the same **Principles of Sangha Yoga**, in this class we learn to do headstands, handstands and build even more stamina and strength. While the V2 class is geared toward a more challenging level, FFlow practitioners can still attempt the class and can be further encouraged to attempt the more challenging variations of the poses. **Runs for 90mins. TUESDAY EVENING.**
- **CORE – OPEN TO ANYONE.** This class focuses on core strengthening only and based on all the core strengtheners practiced in all SANGHA YOGA classes which are based on the **Principles of Sangha Yoga**. While most believe that core strength is just the abdominal area, by the time you finish this class you will understand that there is your upper core and lower core strength. You will not only discover both of these core areas, you will also learn to use them either in class or in your everyday life. This class is a great complement to anything you do in life! **Runs for 60mins. WEDNESDAY EVENING.**
- **PILATES FUSION – OPEN TO ANYONE.** Mat Pilates is done on the floor using an exercise or yoga mat, which employs controlled breathing during body weight resisted movement to build core strength. While this does help with strengthening the core, it is also strengthens the hip flexors. **Runs for 60mins. CURRENTLY ON HOLD**
- **YIN YOGA/STRENGTH AND MOBILITY (“YIN YOGA/S+M” ON THE SCHEDULE) - OPEN TO ANYONE.** This class focuses on stretching, flexibility of the deeper muscle tissue, and working with the ligaments and fascia. **WHAT IS FASCIA? Fascia, connective tissue...the packing material of the body. It envelops the muscles, bones and joints and holds us together supporting the body structure and giving us our shape. It provides protection and autonomy for the individual muscles and it joins and bonds.** This class also combines elements of strengthening and mobility that focus on movement exercises that help increase mobility and strength in the shoulders, hips, knees, back and even the feet. This class is even more excellent for runners and body builders. Only 9 to 10 postures...all done on the floor, but held for 3 to 5 or even 10mins. **Runs for 75mins/90mins as indicated. TUESDAY AND SATURDAY MORNING**
- **YANG/YIN - OPEN TO ANYONE.** Ever heard of Ying Yang? Well in yoga, YANG means effort and YIN is the opposite. Welcome to YANG/YIN! This is a combination class where there is lots of yang effort using the FFlow sequencing. While it can be challenging, it is still beginner-friendly. The FFlow is the first part of the class. The rest of the class incorporates stretching, other Yin-like poses and even use the YOGA TUNE-UP® THERAPY BALLS to bring the class to total relaxation. This class helps to balance out our system and calm our body and mind. It's a great way to end your week and an even awesome way to begin your week! **Runs for 75mins. THURSDAY EVENINGS, SUNDAY MORNINGS AND HOLIDAYS**
- **AERIAL YOGA - OPEN TO ANYONE.** AERIAL YOGA uses the Aerial Sling for support. Imagine having a partner assisting you throughout class. It helps to take the stress off of your joints, create space along the spine and the pelvis and allows you to build strength with support. **PLEASE NOTE:** This class **WILL INCLUDE INVERSIONS**, but you can choose not to do them. If you have high blood pressure however or suffer from Vertigo, it is advisable that you don't take this class. **Runs for 75mins. as indicated. Check online for all our available Aerial Pass options! WEDNESDAY EVENING. PRE-REGISTRATION REQUIRED.**
- **AERIAL YOGA FOR YOUTH - Aerial for Youth** does include inversions! Your child will stretch and lengthen their body in Aerial Yoga poses, have fun with flying poses to strengthen the mind and body, and practise safe inversions to increase trust in oneself while receiving many wonderful health benefits! Great to help build self-esteem in quiet kids and awesome for those kids who have a little more of a hyper style *wink*! **PLEASE NOTE:** No child will be forced to participate in anything, but rather encouraged. This will be done with the help of demonstrations and instructor support so as to increase trust and a sense of security. **FEES:** 4 classes for TT\$300. **AGES AND TIME: UP TO 14 @4:30PM (60MINS). PRE-REGISTRATION REQUIRED.**
- **OUR OUTDOOR SERIES – OPEN TO ANYONE**
 - **SUNSET VIBEZ! – OPEN TO ANYONE. ON THE ROOFTOP.** This class is the exact opposite to our 6AM class...the intention is to help you unwind from your week. It will either give you a burst of energy for your night ahead and weekend ahead or feel like you are drinking the most awesomest cup of chamomile tea! It is also based on our Fusion Class drawing from a variety of styles, but yet still keeping it accessible for any level of practice. **The extra bonus for this class is that it is a PAY-WHAT-YOU-CAN OR IT'S FREE! Class. That's right, we leave it up to you to see if you can pay...if not, it's FREE!** **Runs for 60mins.**
